Hotel Crowne Plaza, New Delhi

OIL TECHNOLOGISTS' ASSOCIATION OF INDIA
invites you to participate in

**The 64th ANNUAL CONVENTION
and INTERNATIONAL CONFERENCE
on OILS, FATS, FUELS and SURFACTANTS**

www.icoffs09.com

INVITATION

Dear Friends,

Oil Technologists' Association of India cordially invite you and your colleagues to participate in **The 64th Annual Convention and International Conference on Oils, Fats, Fuel and Surfactants - ICOFFS 09**, from Dec 9th - 11th 2009 at Hotel Crowne Plaza, New Friends Colony, New Delhi -3.

The conference will provide participants a platform to exchange innovative ideas and an opportunity to keep abreast with current developments in the world. The conference will critically examine lipid processing industry for sustainable development. It will focus not only on edible oils, but also on oil based eco-friendly products such as bio-fuels and surfactants.

Food and fuel are two most basic human needs. Ensuring **"FOOD and ENERGY SECURITY"** are the top most concerns of economists and scientists engaged in the domain of lipids and fuels. The growing role of lipids in surfactants and soaps has opened up interesting possibilities for discussions and debate. The challenge is to achieve this goal without environmental degradation.

A distinguished panel of experts from across the world will deliberate on updated business models and emerging technologies. The aim is to reduce processing costs and enhance quality and yield of the product while conserving critical resources such as water and power. Environmental and regulatory issues would be highlighted too. **ENVIRONMENT, ENERGY AND FOOD SECURITY ARE GOING TO BE THE BACKBONE OF THE THEME OF THIS CONVENTION.**

Top level global participation by Governments, Policy Makers, Industry leaders, Scientists, Technologists, Academia, and Consultants will help the community in charting out a working agenda for the coming two decades.

The pleasant environs, beautiful weather during December of the city of the conference - New Delhi - and world famous tourist destinations is a bonus for the participants to relax during and after the hard work. The city today is a blend of the modern and the traditional; skyscrapers, beautiful gardens and wide tree-lined avenues. Delhi blends within its folds the great cultural variety of India.

Do keep your late-year appointment with the city to network with fellow professionals, and also enjoy the weather, the hospitality and the attractions of the capital city of India. Experience India with the specially designed tours, for both you and your accompanying person. For further details visit our website www.icoffs09.com

We promise to make the occasion gainful and memorable.

VENUE

Hotel Crowne Plaza with its complement of advanced conference facilities provides the perfect backdrop for the programme. The hotel offers 5 star deluxe services expected by business travelers.

The location of the hotel is in close proximity to the business areas of the city besides being next door to the world famous Bahai Temple and Iskcon Temple.

AIMS

The conference aims to focus special attention on:-

- The challenges of meeting vegetable oil and fuel requirements while at the same time coping with stringent environmental regulations.
- The production of a host of eco-friendly oleochemicals such as soaps, detergents, lubricants etc.
- Envisioning the unfolding picture of the vegetable oil field over the next two decades.

CONFERENCE TOPICS

Presentations from eminent speakers are invited on the following topics:-

Agricultural knowhow: For oilseed growth requirements for edible, industrial and biodiesel segments.

Processing of seeds: Current and future trends in expelling / extraction; process efficiencies.

Processing of Oils: Present practices in Degumming, Chemical refining & Physical refining; process knowhow; emerging trends.

Fuels (Bio): Expected future scenario; Utilization of Glycerol; Jatropha & Karanja Cakes; Green diesel, Biofuel from Algae / BioMass.

Surfactants (Bio): Surfactants based on renewable feedstocks; Technologies for processing; Role of Oils / fats in detergent formulation; Herbal & Biochemical approaches to surfactants and cosmeceuticals.

Processed Fats for Bakery / confectionery products: Future growth potential; Institutional buyers' specifications; Processing techniques for Low Transfats.

Oil Business Economics: Financial Institutions' Outlook of Edible Oil Industry; Management Practices; Oil price forecasting.

Event organiser:

ABOUT DELHI

New Delhi or Delhi as it is commonly called is a palimpsest, bearing the complexities, the contradictions, the beauty and the dynamism of a city where the past co-exists with the present. Many dynasties ruled from here and the city is rich in the architecture of its monuments. Diverse cultural elements absorbed into the daily life of the city have enriched its character. New Delhi, the host city for the ICOFFS 09 is the capital city and the nerve centre of India.

New Delhi, is often described as the soul of the country. It is a bustling metropolis that has an amazing mixture of modernisation and carefully preserved antiquity. Sprawled over the west bank of the river Yamuna, the Victorian architecture intermingles with the city's high rise buildings. Concrete highways built to ease the growing traffic are interspersed with well laid gardens, Mughal tombs, forts and monuments.
