

OTAI (SZ) ANNUAL MERIT AWARDS

Oil Technologists' Association of India (Southern Zone) instituted O P NARULA YOUNG SCIENTIST AND O P NARULA TECHNOLOGY AWARD in 1998 with a capital fund provided by Sri O P Narula, President, Industrial Consultants (India), New Delhi. OTAI (SZ) has enhanced the capital fund of the award from its funds and renamed these Awards as "O P NARULA – OTAI (SZ) YOUNG SCIENTIST AWARD and O P NARULA – OTAI (SZ) TECHNOLOGY AWARD".

O P Narula – OTAI (SZ) Technology Award – 2010

This annual award is open to all OTAI members irrespective of the zone. This award will be given for the best project report prepared on a specific topic to be suggested by OTAI (SZ) each year. The topic of this year's Award is "**Blending of Vegetable Oils: Opportunities & Challenges**". The applicant has to submit a 10 to 15 page report (**5 copies**) on the above topic to the **Secretary, OTAI (SZ)**. The project report should describe the benefits of blending of more than two oils and also propose the methodologies for fingerprinting the constituent oils used in blending. The project report will be reviewed by a national level committee comprising eminent technologists belonging to the area of oils, fats and allied products. The award carries a Cash Prize of ₹ 7,500, Citation and a Certificate. Application should include address of the applicant with telephone/fax number and e-mail, academic qualification and experience, present employment, post held and any other relevant information and must be duly forwarded by the zone to which the applicant belongs.

O P Narula – OTAI (SZ) Young Scientist Award – 2010

This annual award is open to all OTAI members irrespective of zone. The applicant should be engaged in research activity in oils, fats and allied products and should not have completed 35 years of age as on 1st January 2010. Publications / Patents obtained in the past three calendar years will be the criteria for the selection of the candidate. The Award carries a Cash Prize of ₹ 5,000 Citation and a Certificate. Application should include address of the applicant with telephone/fax number and e-mail, academic qualification and experience, present employment, post held and any other relevant information and must be duly forwarded by the zone to which the applicant belongs and should be sent to the **Secretary, OTAI (SZ)**.

VANASPATI & VEGETABLE OIL INDUSTRY: CHALLENGES AND OPPORTUNITIES

Saturday, March 5, 2011

at

Indian Institute of Chemical Technology, Hyderabad

Jointly Organized by

OIL TECHNOLOGISTS' ASSOCIATION
OF INDIA, SOUTHERN ZONE

INDIAN INSTITUTE OF CHEMICAL
TECHNOLOGY, HYDERABAD

Supporting Organization

The Solvent Extractors'
Association of India

AIM & SCOPE OF THE SEMINAR

Indian Vegetable Oil Industry is facing several challenges and looking for innovative opportunities like efficient energy conservation, effluent free processes, value addition etc. The Industry at the same time has to reorganize themselves to meet the new safety and regulatory standards. Due to the zero trans / low trans specifications, the Vanaspati Industry should also be relooked into appropriate technological interventions to face the new scenario. The Environmental Protection Agencies are also enforcing more stringent effluent specifications and the industry should gear up to meet the discharge norms. Serious introspection on energy conservation is also necessary to improve the overall standards and the profitability. In this context, a National Seminar is being organized to address these issues in a much focused manner and to discuss more openly and to come out with a strategy for facing these challenges successfully. Eminent speakers from the Industry, Academia and the Regulating Authorities will present their respective viewpoints.
