

**74th Annual Convention of Oil Technologists' Association of India (2019)
& One Day Seminar on**

“ LATEST TECHNIQUES IN INSTRUMENTAL ANALYSIS ”

Date 14th December 2019

Organised by:-

Oil Technologists' Association of India (Western Zone)

Co-Organised by:-

Department of Oils, Oleochemicals & Surfactants Technology,
Institute of Chemical Technology

at
Prof. K. V. Auditorium
Institute of Chemical Technology,
Mumbai - 400 019.

All India President's Message

It is my pleasure to welcome all of you to the 74th Annual Convention of The Oil Technologists Association Of India (OTAI) as well as one day seminar on 'Latest Techniques in Instrumental Analysis' being organised by the Western Zone of OTAI in association with the Department of Oils, Oleochemicals & Surfactants Technology on 14th December 2019 at the Institute of Chemical Technology, Matunga, Mumbai, India.

The entire food value chain is looking at a great opportunity after the "Food safety and standards" Act, 2006 and the regulations there-under, implemented after August 2011. Quality standards and quality assurance has become very critical agenda in the entire business operations. The topic selected for this year's seminar is very relevant and of great importance to all stakeholders in the industry and business.

Let us all come out with open mind, discuss the issues of concerns and arrive at practical recommendations for their resolutions without compromising the quality of by-products and safety of the end-user and provide proper environment for growth of industry by bridging the gaps between consumer safety and sustainability of industry. I invite all stake-holders to come and take part in the deliberations and meeting the objective of this seminar.

Prof. R.K. Trivedi
National President, OTAI

The President OTAI-WZ

It is my pleasure to welcome all of you to the 74th Annual Convention of The Oil Technologists' Association Of India (OTAI) as well as one day seminar on 'Latest Techniques in Instrumental Analysis' being organised by the Western Zone of OTAI in association with the Department of Oils, Oleochemicals & Surfactants Technology on 14th December 2019 at the Institute of Chemical Technology, Matunga, Mumbai, India.

The Oil Technologists' Association of India, Western Zone (OTAI WZ) was established in 1960 under the leadership of late Prof. J.G.Kane. The OTAI WZ has grown from strength to strength and today has a membership of over 700, which is the highest among all the five zones of OTAI. OTAI WZ has played an active role in furthering the objectives of the Association and has organised over 27 refresher courses / workshops & 35 seminars on National & International scale.

Vegetable oil industry is facing multiple challenges due to the implementation of stringent regulatory & quality measures under the FSSAI act. Quality Assurance & Quality Control are the essential drivers in the path to success. Instrumental Analysis is one of the effective tools available at the disposal to achieve the desired results in the best possible time. The Conference will provide an excellent platform to all the stake holders to experience the latest innovations in the instrumental analysis.

On behalf of OTAI, OTAI WZ & my personal behalf, I invite you to actively participate in the conference

Dr. Prasad Nabar
President OTAI-WZ

About the Seminar

The Oil Technologists' Association of India (WZ) and Department of Oils, Oleochemicals and Surfactants Technology, Institute of Chemical Technology, Mumbai are jointly organizing **74th Annual Convention of Oil Technologists' Association of India (2019) & One Day Seminar on "Latest Techniques In Instrumental Analysis"** at, Mumbai.

Introduction

All researchers / scientists obligated to have fundamental understanding of instruments and their applications in order to quickly and accurately address their needs. In an effort to make your learning task easy, the seminar comprises of invited lectures from industrial, research and academic experts.

The seminar will provide a platform for professionals in all scientific fields handle analytical instruments, to troubleshoot the state of affairs during analysis. The expertise will cover working principle, mechanism, maintenance, application and benefits of analysis. The aim of this seminar is to familiarize or furnish the participants with advance techniques and knowledge related to analytical instrument.

We request the participants to register at the earliest as only limited seats are available.

SCHEDULE 14th December 2019

Time	Activity
8.00 am – 9.00 am	Registration and High Tea
9.00 am - 9.45 am	Inauguration Function
9.45 am – 10.15 am	OTAI Awards distribution
10.15 am – 10.45 am	Prof. J. G. Kane Memorial Lecture
10.45 am – 11.15 am	Tea Break
11.15 am -12.45 pm	Technical Session I
12.45 pm – 2.00 pm	Lunch
2.00 pm – 3.30 pm	Technical Session II
3.30 pm – 4.00 pm	Tea Break
4.00 pm – 5.30 pm	Technical Session IV & Valedictory Function

REGISTRATION FEES

Delegates	Fees	Total Payable
OTAI Member Delegate	3,500 + GST (18%)	4,130/-
Non-OTAI Member Delegate	4,000 + GST (18%)	4,720/-
Academic / Research Institutions	2,500 + GST (18%)	2,950/-
Students	1,500 + GST (18%)	1,770/-
Exhibition Stall. (8ft X 8ft)	30,000 + GST (18%)	35,400/-
Sponsor Lecture	40,000 + GST (18%)	47,200/-

***limited stalls are available *Fees include study material, lunch and tea**

About OIL TECHNOLOGISTS' ASSOCIATION OF INDIA and West Zone

The Oil Technologists' Association of India (OTAI) established in 1940, is a pioneer international association in the field of Oils, Oleochemicals, Surfactants and specialty products and allied process industries, is continuously engaged in disseminating the latest relevant information regarding scientific and technical development by way of organizing symposia seminars, refresher courses, popular lectures etc. on current topic of common interests to its members. The annual conventions of the Association are held at different zonal headquarters by turn. The Association functions through its five zone viz. Central, Northern, Eastern, Western and Southern with their zonal headquarters Kanpur, New Delhi, Kolkata, Mumbai and Hyderabad respectively. The OTAI publishes a quarterly research journal (Journal of Lipid Science and Technology-JLST) beside publishing newsletters, books, organizing International and National seminars, seminars etc. for the benefits of members. At present the association is headed by Prof.. R. K. Trivedi.

The Oil Technologists' Association of India Western Zone (OTAI-WZ) was established in 1960 under the leadership of late Prof. J.G. Kane. The OTAI-WZ which is largest among all zone has played an active role in furthering the objectives of the Association since inception. The zone has organized 20 refresher courses/seminars and 40 Seminars on National and International Scale from 1968. The OTAI-WZ owes its present eminent position to the inspiring leadership and guidance of the distinguished personalities who served as its presidents, namely late Prof. J.G. Kane, late Dr. B.P. Godrej, late Dr. C.B. Khanpara, late Dr. S.M. Patel, late Prof. Rebello, late Prof V.V.R. Subhramanyam, Mr. N.B. Godrej, Mr. K.V. Mariwala, Dr. K.S. Holla, late Dr. A.D. Shitole, Dr. V.V.S. Mani, Prof T.K. Venkatesan, Prof D.N. Bhowmick, Dr. B.R. Gaikwad, Mr, S.N. Trivedi, late Mr. M.K. Janardan and Dr Rajeev Churi. At present Dr Prasad Nabar is the President for the West Zone

About Department of Oils, Oleochemicals and Surfactants Technology, ICT, Mumbai

The Department of Oils, Oleochemicals and Surfactants enjoy the unique position amongst the Indian Chemical Technology centers. The department is engaged in quality education, Training and research in various field of oil technology in India and has catered to needs of oils, oleochemicals, surfactants and speciality products and allied process industries in this country. The industry benefits getting solution for problems while the faculty enriches in practical experiences, which is ultimately passed on to the students. We strongly believe that theory without practical implementation is sterile and a proper balance has to be maintained between the theory and practicality.

Incidentally this is the Platinum Jubilee year of establishment of Department of Oils, Oleochemicals and Surfactants Technology, Institute of Chemical Technology Mumbai.
